

## Wee Baby Stella - Reversible Dress - Directions

1. Sew dress front to dress back at shoulder seams. Press seam open. Repeat for lining
2. With RS together sew dress to lining at neck edge and armhole edges. Clip curves. Turn right side out. (Back pieces will be pulled through the shoulder.)
3. Pin dress front to back at side seams + lining to lining back at side seams. Sew 1 long side seam from bottom of fabric to bottom of lining
4. Pin dress to lining from center back neck edge to center back neck edge. Sew leaving about 1 inch opening. (Leave the opening in the upper right back as this would be less noticeable)
5. Turn right side out. Sew the opening with a slip or ladder stitch. Top stitch dress if desired.
6. Apply closure to back opening - (Velcro or KAM snaps). Be mindful that you should not use buttons for children under 3.
7. Embelish as desired.
